

Tokyo Financial Award 2023: Open call for solution providers!

<Financial Innovation Category >

The Tokyo Metropolitan Government (TMG) established the Tokyo Financial Award in FY2018 to invite and reward financial businesses with ideas for services that contribute to solving social challenges through finance, and businesses that implement excellent ESG investment initiatives. For the Financial Innovation Category, Japanese and overseas businesses engaged in finance or related activities are invited to propose solutions to the financial service-related needs and challenges of Tokyo residents and businesses!

A range of rewards await the winning companies!

Point1

Prize

1st Place	10m yen
2nd Place	5m yen
3rd Place	3m yen

Point2

Support for brushing up applicants' products and services

Mentoring programs, Support for overseas communications and other support

Point3

Continuous support for business expansion

Provision of opportunities to pitch products and services, business matching, support for public-private collaborations, etc.

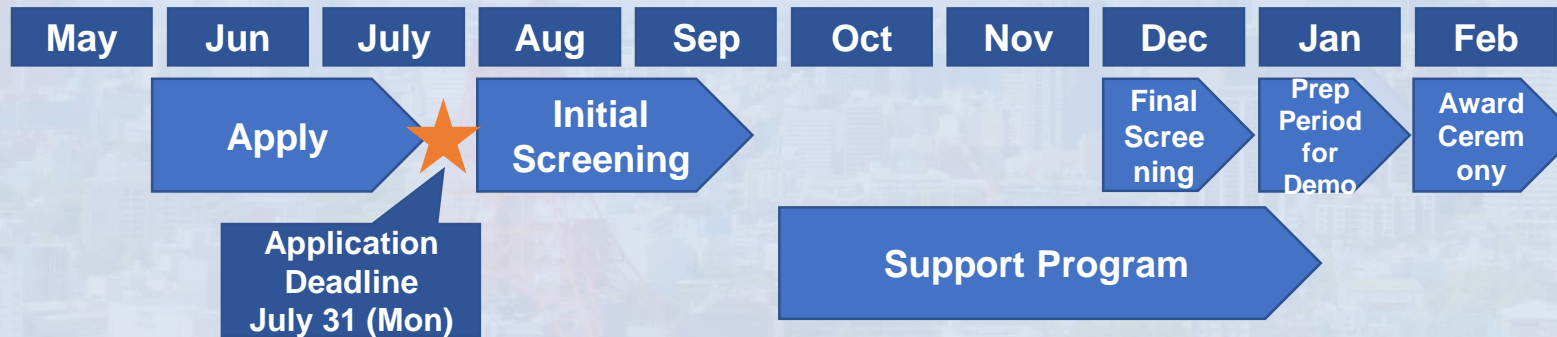

Eligible applicants

Businesses that develop and provide financial products and services that meet the needs and resolve the challenges (themes) identified by residents and businesses in Tokyo.

Themes (Example)

- User-friendly financial services that are prepared for “the 100-year life”
